In the Matter of the Application of Bell
Atlantic Communications, Inc. d/b/a Verizon
Long Distance to Discontinue Certain
Competitive Resold Telecommunications
Services in Arizona

Docket No. T-03289A-08-0593

**SUPPLEMENT TO
APPLICATION**

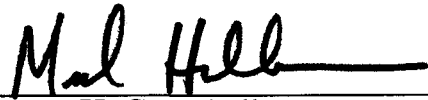

Through this filing, Verizon Long Distance ("VLD") provides an update to its Application to Discontinue Certain Competitive Resold Telecommunications Services. VLD recently notified Commission Staff that Arizona customers (approximately 30) receiving service under Plan E of the VLD tariff ("Smart Touch") did not receive notification of the discontinuance. Given this inadvertent failure to notify, VLD has determined that it will file a separate application for these Smart Touch customers to coincide with a national discontinuance of that plan that will occur in the fall of 2009. Accordingly, prior the processing of the final Order in this docket, VLD respectfully requests that the Staff Report and the Recommended Opinion and Order in this docket be amended to remove references to the Smart Touch customers (including references to refunds for pre-paid service). There will be no disruption of service for the Smart Touch customers until a final order from the Commission in the new docket filed to address the discontinuance of the Smart Touch service.

1 VLD also intends to delay the ultimate discontinuance of the remaining
2 presubscribed long distance service in Arizona until a date in 2010. Prior to the ultimate
3 discontinuance, VLD will re-notice these customers to provide an update for the projected
4 date of the discontinuance of service, subject to Commission approval. This will allow
5 more customers to transition to a new service provider during this extended time. As with
6 the Smart Touch customers, there will be no interruption in service until a final order from
7 the Commission authorizing the discontinuance.

8 At the time of the new notice, VLD will also provide the Commission with
9 an updated filing identifying the new date and requesting that the matter be processed
10 toward a final Order from the Commission authorizing the discontinuance.
